## SUFFRAGE SCHOOL MAY BE HERE

## Local League Plans Series of 12 Informal Home Meetings.

One of the schools of instruction to be held for two weeks in two cities of each state this winter by the National Equal Suffrage League may be held in Columbia. One is to be held in St. Louis and it was decided at a meeting of the Columbia branch of the league at the home of Mrs. George Troxell Friday afternoon to ask that the other school, which was first planned for Kansas City but later found impossible for that city, be held here. Three women will be sent to the two cities to remain two weeks and give suffrage instruction.

This meeting was the first of a series of twelve informal home meetings planned by the organization in which questions on the history and phases of suffrage will be taken up. Mrs. L. W. St. Clair-Moss talked on "What Is Suffrage?" telling the history as the women are fighting now, she said, and it is only in the last twenty-five years that all the men of Europe have had it. The idea of women's voting is no new one, but extends back to matriarchal times, when women were considered men's superiors.

Other speakers listed were unable to attend the meetings. General discussion followed the talk. The second meeting of the series will be held in January at the home of Mrs. W. E. Harshe.
